HART MAY TACKLE THE BLACK CHAMPION

(United Press Leased Wire.)
San Francisco, Jan. 6.—If Marvin Hart, the big Louisville heavyweight accepts the offer of Fight Promoter Charles Lercari, which is on the way to him today, the fans of this city will witness a match between Hart and Sam Langford on January 29.

Although Hart has not donned the gloves for some time, Lercari believes that the go would be an attractive one. Langford has expressed his willingness to meet him and he thinks it will show him to better advantage to the public than did the recent fight with Jim Flynn.

Should Hart refuse to sign, Lercari will probably put Langford on with two men for the same night, just to show the staying powers of the coal black middleweight.

WANT TO ORGANIZE DEVELOPMENT LEAGUE

A mass meeting will be held at 8 o'clock p. m. Wednesday, January 6th, in the Evangelical church, corner of Seventeenth and Chemeketa streets. The purpose is to organize in East Salem a development league. All are invited and urged to come. This part of the city has been thoroughly canvassed. Nearly every man has been interviewed regarding this matter, yet not a dissenting voice was heard. The canvassing committee was greeted continually with enthusiastic support by every citizen approached on the subject. Again we urge everyone to come.

ALDERMAN ADOPTS ROOSEVELT PLAN

Alderman Elliott was down to Newberg on a visit with his wife and little girl, and they brought home with them a pretty girl baby, little Marjorie Charles, aged 18 months. She is a sweet child of a friend of theirs, who has lost his wife, and does not feel that he is situated so that he can take proper care of her. So the big-hearted alderman and his wife took the youngster in and adopted her. Mr. Elliott believes in the Roosevelt plan of making homes for children, rather than turning them over to institutions, and that the way to save an individual for society is to take care of them when they are small. The Elliotts are proud of their ready-made addition to the family.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Salem Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick red, ill-smelling urine, full of sediment and irregular passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's Salem proof.

William Baumgardner, retired, 525 Water street, Salem, Oregon, says: "I speak from personal experience when I say that Doan's Kidney Pills do all that is claimed for them in curing kidney complaint and backache. I had felt the need of a kidney remedy for a long time, but I found many of the medicines I used worthless. When I read of Doan's Kidney Pills, I was induced to procure a supply at Dr. Stone's drug store. The backache and weakness of the kidneys, which had annoyed me were quickly removed, and I was restored to good health. I can recommend Doan's Kidney Pills to anyone in need of a kidney medicine."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Fever Sores.

Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Dr. Stone's drug store.

TIMMONS TO BE TRIED FOR HIS LIFE MONDAY

C. Y. Timmons, who signed a written confession after killing his wife on October 20, 1908, will be tried for his life next Monday.

Timmons, a plasterer by trade, while in a frenzy, slashed the throat of his wife, Stella Timmons, and afterwards made a strong attempt to end his own life by the same means as those used against his wife, by slashing his throat from ear to ear. His attempt at suicide was not successful, however, and he evidently fell asleep or succumbed to weakness from loss of blood, and remained so until 7:30 in the morning, when he knocked at the door of a room occupied by Mrs. Emma Smith Hyball for the purpose of procuring assistance, but was unable to speak, uttering only incoherent sounds.

In all probability Mrs. Hyball was the first to see the mute evidence of the terrible tragedy in the blood which flowed over the door sill of the Timmons home. Upon making an investigation of the murdered woman's condition, W. H. Westcott, the owner of the house, telephoned at once to the officers, who, in turn, notified Dr. W. B. Morse. Mrs. Timmons was beyond all assistance, but Timmons had a fair chance to recover.

After Timmons had been taken to the Salem Hospital and revived sufficiently, under the care of Dr. Morse, he signed a written confession, apparently under the impression that he would not live to answer for his fiendish deed. After a week had passed, Timmons was practically out of danger, although the handcuffs and leg shackles which were placed on him from the outset were not removed.

Further than the signing of the confession, and his plea of not guilty he has made no statement relative to the cause of his fiendish crime.

HONOLULU BELLE TO BE SHINGLED

(United Press Leased Wire.)
Honolulu, Jan. 6.—Island society today is discussing the announcement of the engagement of Miss Muriel Campbell, the wealthy heiress to wed Robert W. Shingle, president of the Waterhouse Trust Company of this city.

Miss Campbell, a beautiful 18-year old girl of part Kanaka blood, is the sister of the Princess Kawana-iroa, and daughter of the wealthy Scotchman James Campbell, for whose kidnapping Oliver Winthrop is now serving a sentence in a California prison.

To Flourish Again.

Canyon City, at one time the mining center of the inland empire, whose population in the sixties was numbered by the thousands, and whose placer grounds turned out millions of dollars, may once more be the scene of mining activity. The old placer grounds have been purchased by Eastern capitalists who paid \$400,000 for it, and Marysville, Fanner Gulch and the creek bed between Canyon City and John Day will once more be disturbed by the hydraulic giants and dredges.

Feed the birds. Robins are very hard up now as they can get no worms. But robins will eat apples. Stick out a piece of suet or liver for the blue jays, bread for the cat birds and snowbirds and wrens, and a few apples for the robins and yellow birds.

If Burton goes to the senate from Ohio he will even chill Fairbanks.

JEFF MAY CONSENT TO MEET JOHNSON

(United Press Leased Wire.)
Los Angeles, Jan. 6.—Jim Jeffries started work today in preparation for a week's theatrical appearance in San Francisco. Jim not only accepted the offer but seems very anxious to take up his training.

Quite a preponderance of flesh on Jim's middle section may be shoved off within a couple of weeks, and then James will look the part of a gladiator. Jeff has not been taking a drink for over a week and that he means to at least appear in shape is evident.

"I'd like ten weeks of that kind of money," said Jeffries after he received the offer, "about the easiest coin I ever heard of."

There are no new developments about Jeff's probable return to the

ring. That the sound of coin will send him into action has been proved Burns has night and gave Jim \$100 can somebody go a little farther with him?

Freddie Welch left Los Angeles at noon today for New Orleans where he has a date with Young Corbett for January 22. Welch met Jimmy Burns last night and gave him \$100 as a sort of recompense for calling off their scheduled battle. Welch's hand is still in bad shape.

Tom McCary is considering the offer made him by Jim Jeffries to take over the Vernon Club. McCary declares that with very little doing in the pugilistic game he is not certain whether it would be wise for him to use two clubs.

It is said that Doc Geisler, of the Boston Americans, has a swell average as an M. D. in Indiana, Pa.

Every Tub Stands On Its Own Bottom.

And so does every town.
If the bottom of this town drops out what are we going to stand on?

And the bottom will drop out—

If we fail to stand together and work together for the good of the community—myself, yourself and the other fellow.

In order to build to the top, there must be a solid bottom.
